551. SHR[KRISHNA KUMAR BIRLA: Will the Minister of AGRICULTURE te pleased to state;

(a) whether Government are aware that the phosphatic fertilizer units in the country are likely to suffer huge production loss due to the non-supply of imported phosphoric acid to these units;

; b) whether phosphoric acid shipments have come standstill resulting jn the gradual closure of phosphatic fertilizer units in the counliy:

(c) if so, what are the reasons therefor stating Ine evaluation, if any made by Government with regard to the prevailing crisis and the estimated loss suffered by these units; and

(d) the mann;r in which Government propose to retrieve the situation?

THE MTNISTER OF STATE IN THE DEPARTMENT OF FERTILIZERS IN THE MINISTRY OF AGRIAULTURE (SHRI R. PRABHU): (a) No contract was concluded for the 1st semester of 1989, with the supplier of phosphoric acid, who quoted unreasonably high prices. In consequences, the plan's dependent entirely on imported phosphoric acid have been parttially or completely shut down since January, 1989. If additional supplies were available, ihe fertiliser plants could have produced an additional 2.69 lakhs tonnes of phosphatic fertilizers in terms of P_20- upto 31.3.1989.

(d) The target of indigenous production of phosphatic fertilisers for 1988-89 has been fully achieved. As in previous years, import of DAP is being arranged to fill ihe gap between indigenous supply and the demand for phosphatic fertilisers. The quantum of imports would be decided keeping in view the shortfall over targeted production, if any, due to nonavailability of imported phosphoric acid.
